BXB-910 |

10-HEAD COMPUTERIZED EMBROIDERY MACHINE

Functions & Applications

With 10 synchronous embroidery heads and 9-color auto thread change, this machine realizes batch embroidery of multi-color complex patterns on garments, home textiles and luggage, boosting efficiency and ensuring consistent quality per batch.

Max Sewing area	300*680mm
Max color quantity	9
Sewing head distance	350mm
Needle height	15mm
Sewing speed	100-1000RPM (adjustable)
Storage capacity	20,000,000 stitches
Rotary hook	Original made in Japan
Auto function	Automatic trimmer, automatic color changing and start up,thread break detection
Computer system	DAHAO 528 SCREEN
Main Motor	Servo motor
Power Supply	220V,Single phase ,50Hz
Machine size	4640*2020*1600mm
